Our story

Haddonstone was founded by Bob Barrow in 1971, with the aim of producing high-quality decorative cast stonework. Working out of his garage, Bob handcrafted a modest range of seven garden designs – six of which continue to be bestsellers today.

More than half a century later, our Home and Garden collection has grown to include over a thousand fine British cast stone designs, making it the most comprehensive range of its kind. Haddonstone USA, based in Colorado, extends our global reach, along with representation through an increasing group of international distributors.

With unrivalled craftsmanship and expertise, and a broad range of styles to choose from, we're confident that you'll find the perfect designs for your garden in our collection.

■ Over the years, our values have always remained the same. Our team is dedicated to producing the finest quality cast stone designs and providing you with exceptional service.

Timeless designs that age beautifully and last for decades.

An extensive collection

Our extensive Home and Garden collection features a wide choice of planters, water features, garden furniture, statuary and sundials.

Our range also includes garden buildings, balustrade, paving and steps.

Available in traditional, classical and contemporary styles, and in various sizes and colours, Haddonstone's designs lend themselves to almost any garden scheme, landscape or terrace. Plus, because every design is produced using the finest-grade materials, they are made to last a lifetime.

Discover the full collection on our website, or in our Product Range brochure.

Explore our inspirational Show Gardens

There's no better way to view Haddonstone's beautiful collection than by visiting our stunning Show Gardens. Located in picturesque rolling countryside in Northamptonshire, the gardens feature many of our Home and Garden designs, all displayed in a magnificent setting. Our fireplace and memorial ranges are also available to view.

Our Show Gardens are open weekdays and often on the first Saturday of the month during the spring and summer.

Safe delivery

Haddonstone has its own transport fleet, enabling us to deliver our products throughout mainland Britain. This ensures that you receive your Haddonstone designs in perfect condition, directly from our manufactory.

Occasionally, we may use third party delivery services, so that you receive your order at the earliest opportunity after purchase. This particularly applies in more rural locations and outside mainland Britain.

For our overseas clients, our in-house packing and crating facilities, as well as the use of selected freight forwarders means the safe delivery of our designs to any country.

Bespoke stonework specialists

As well as offering an extensive collection of standard designs, we are delighted to create bespoke products that meet your individual design requirements.

With an extensive mould shop and manufactory, along with a vastly experienced in-house team, we can produce bespoke stonework that replicates simple or highly-intricate designs.

■ Whether you want to transform your landscape with unique stonework, or replicate an original, existing design, our talented team can create exactly what you would like to achieve.

Landscaping

To complement our Home and Garden designs, we offer an extensive range of contemporary, traditional and classical-style cast stone landscaping designs.

It features many elegant and functional components from paving, steps and balustrade to pier caps, copings and stunning garden buildings that will transform any outdoor space.

■
With unrivalled expertise and technical facilities, we produce the highest-quality standard and bespoke architectural stonework to suit any specification.

Building and Construction

Haddonstone is also a trusted specialist in the design and manufacture of high-specification standard and bespoke architectural cast stonework.

Our team enables private clients, builders, designers, architects and developers to achieve their project goals by manufacturing premium-quality cast stone components for new build, retrofit and restoration projects.

Our extensive range features window and wall dressings, as well as sophisticated façade stonework including porticos, columns and door surrounds.

Our commitment to the environment

Haddonstone is proudly committed to sustainability, and we continually strive towards reducing our impact on both society and the environment.

Sustainability policies are embedded across our production processes, including protocols to avoid the use of hazardous substances and to prevent the release of contaminants into the atmosphere, watercourses and onto land.

As part of our commitment to supporting long-term sustainability and to reducing our environmental impact, we source only the highest-grade, natural British limestone aggregates from an ethically responsible UK supplier.
